

We are excited to welcome back Kentucky classrooms to The Explorium of Lexington!

Give your students an interactive museum exhibit that aligns with Kentucky academic standards. The Explorium provides an immersive learning through play experience. Use our galleries and exhibits to enrich your teaching in the classroom and participate in an exciting Explorium enrichment program to enhance the experience!

Explorium Enrichment:

The Field Trip Enrichment experience at the Explorium is a physics demonstration that will demonstrate some of Newton's laws. This is an entertaining and educational way to show a little science magic! Students will learn how to prove to their friends that an object at rest wants to stay at rest and an object in motion can potentially make a big mess! This presentation lasts approximately 15 to 20 minutes.

Pricing and Policies:

- Student: \$6.00
- Chaperones: The Explorium asks that you provide one chaperone for every 5 children. Any chaperone over this allotment is an extra \$6 per chaperone.
- Explorium Enrichment Program: Additional .50 per child
- Lunch at The Explorium: Additional .50 per child
